

## **"SING UNTO GOD"**

***Song comes in different dimensions, but when it comes to songs dedicated to God, it takes a different shape; y? Because songs which is an essential ingredient in the life of every Christian connects us easily unto God. Songs attracts God's presence easily than any other means because god is a lover of song. As a Christian, when singing a song unto God, one has to pour out his/her whole heart to be able to enter the spiritual zone. If you search from almost each book of both the old and New Testament of the bible, you will come to the conclusion that singing unto God works more wonders than we ever can imagine. David praised, thanked and worshipped God in form of songs. Even when he is faced with difficulties, he would just sing and pray unto God because he knows that god loves songs a lot... You can even see the love of God towards music that he bestowed Lucifer with great voices to be able to lead the heavenly choir before his rebellion towards God which lead to his downfall.***

***therefore i urge all of us to sing unto God with pure heart, sing unto him in the beauty of his holiness, sing unto God in all aspect of your life because when we do, God's presence will forever ABIDE WITH US ALL....MARANATHA.***
